

DEPARTMENT OF DEFENSE

We encourage you and your family to join!

As part of the Defense Department's commitment to ensuring that Uniformed Services retirees and their families receive world-class health care, we invite you to join the **Federal Employees Health Benefits Program Demonstration Project.**

Uniformed Services retirees who are eligible for Medicare Part A and certain family members may enjoy significant savings through this health care program currently under way in your area.

Watch your mail for more information, as well as an invitation to an education session this fall where you can learn more specifics. **If you are already enrolled, you are welcome to attend, as you may hear about additional cost-saving program features.**

For more information, call 1-877-DOD-FEHB (1-877-363-3342) or visit our Web site:

www.tricare.osd.mil/fehbp/

We look forward to meeting you this fall.
